

Protective Sleevings

Danish – French

EXPO-NET Protective Sleevings:

Protective Sleevings offers a cost effective method of protecting goods against surface damage to components, during transportation and storage.

- * Can be cut to exact size
- * Smaller volume of packaging materials used
- * Reduces transportation costs
- * Minimises surface scratching, scuffing and indentations
- * Colour coded for ease of use
- * Forms around all objects from cylindrical or more complex shapes
- * Remains soft and formable between temperatures ranging from - 40° C to + 85° C
- * Resistance to grease, oil, water and some acids
- * Reusable
- * Recognised and respected protection media
- * Used by leading manufactures and retailers

In addition to the two ranges presented in this brochure, we stock four other standard ranges.

We also produce specialised sleevings, including bespoke colours and cut lengths.
